PROFILE

Informatics Engineering graduate from Universitas Mercu Buana with a GPA of 3.49/4.00. Experienced in IT internship activities and an academic cloud server project using ownCloud, Collabora, and ONLYOFFICE. Familiar with basic computer networking and server administration, with an interest in IT infrastructure solutions.

EDUCATION

Universitas Mercu Buana — **Informatics Engineering** **2022–2026**
GPA: 3.49/4.00

SMAN 22 Kabupaten Tangerang — **MIPA** **2019–2022**

INTERNSHIP EXPERIENCE

IT Intern — PT Marga Trans Nusantara **Februari–Mei 2025**

- Created an HR data monitoring dashboard using Microsoft Excel PivotTables and Slicers, as well as a finance dashboard using Google Looker Studio.
- Observed the deployment of a Palo Alto firewall by Telkom's IT team and learned about enterprise network security implementation.
- Supported network operations documentation and developed a company profile website prototype using HTML, CSS, and Tailwind CSS.
- Proposed centralized data storage options (cloud, hybrid, and local server) based on cost, security, and scalability considerations.
- Gained exposure to toll road operations and an IoT-based toll system simulation at Jasa Marga Lab.

ACADEMIC PROJECT

Final Project — Cloud Server Implementation Using ownCloud with Collabora and ONLYOFFICE Integration

- Built an ownCloud server on Ubuntu Server in a virtualized environment.
- Integrated Collabora Online and ONLYOFFICE, then tested file storage and document editing on a local network.

  Technologies: ownCloud, Ubuntu Server, VMware, Collabora Online, ONLYOFFICE.

TECHNICAL SKILLS

- **Networking & Security:** Basic computer networking, Cisco Packet Tracer, network security concepts.
- **Server & Cloud:** Ubuntu Server, VMware, ownCloud, Collabora Online, ONLYOFFICE.
- **Data & Visualization:** Microsoft Excel (PivotTables, Slicers), Google Looker Studio.
- **Programming & Tools:** HTML, CSS, Tailwind CSS, C++, Python, Microsoft Office, Visual Studio Code.

TRAINING & CERTIFICATIONS

- **Cisco Networking Academy:** Introduction to Networks, Switching, Routing, and Wireless Essentials, Network Security, Enterprise Networking, Security and Automation.
- **Coursera — Palo Alto Networks:** Cybersecurity, Security Operations Fundamentals.
- **Coursera — Google Data Analytics:** Google Data Analytics, Foundations: Data, Data, Everywhere, Google Data Analytics Capstone: Complete a Case Study.
